Footnotes

- 2 Registration by department permission only.
- 4 This is the second term of a two-term sequence.
This course must be taken for a letter grade (A-F grading option) to satisfy an upper-division computer science elective in the CS major. Students using this course to meet a University Studies upper-division cluster requirement may choose either the letter grade option or the Pass/No Pass grading option.
- 6 Classroom assignment will be available on the web schedule of classes approximately two weeks before the term begins. Please check <http://www.ess.pdx.edu/adm/sched/classinfo.cfm> for room location.
- 7 Offered at Oregon Health Science University (OHSU).
- 14 Pre-requisite for this class is CS 410/510, CGI Programming.
- 22 Prerequisites: CS 300, Elements of Software Engineering, CS 333, Intro. to Operating Systems, CS 350, Algorithms & Complexity; knowledge of C++ or Java programming.
- 30 Prerequisite: CS 465, Server-side Applications: Construction and Analysis.
- 31 Prerequisites: CS 554, CS 555, Software Specification & Verification or CS 556, Software Implementation & Testing or instructor permission.
- 33 Instructor/Professor permission required.
- 43 Offered at Capital Center, Entrance A, 18640 NW Walker Road, Beaverton, OR.
- 46 On-line section of course.
- 49 EB is the new Engineering Building located at 1930 S.W. 4th Ave., cross streets Hall and College streets.
- 52 PSU students should register for this section.
- 53 Class at Oregon Graduate Institute, 20000 NW Walker Rd, Beaverton, OR 97006
- 54 Course is at OHSU's Center for Health & Healing (CHH), 3303 S.W. Bond Ave.
- 55 Lab is at OHSU's Center for Health & Healing (CHH), 3303 S.W. Bond Ave.
